Iheon Kim

Department of Physics, POSTECH
Pohang, Republic of Korea
2heon2@postech.ac.kr

Education

POSTECH, Integrated M.S./Ph.D. in Physics *2026–present*
Advisor: Prof. Hee-Cheol Kim

POSTECH, B.S. in Physics and Mathematics (double major) *2021–2026*
GPA: 3.87/4.3

Research Interests

Resurgence, nonperturbative string theory, thermal bootstrap, supersymmetric quantum field theory, quantum gravity, quantum simulation of topological quantum field theories, quantum error correction, foundations of quantum information.

Undergraduate Thesis

Analytic approaches to conformal field theory at finite temperature *2026*
Literature review, POSTECH.

Awards and Honors

- Second Place (Team), Student Challenge, Niels Bohr Quantum Summer School 2026.
- Undergraduate Thesis Honorable Mention, POSTECH, 2026.
- Graduated *cum laude*, POSTECH, 2026.

Teaching Experience

- Teaching Assistant, *Physics Lab.-Capstone Design I*, POSTECH, Fall 2026.
- Teaching Assistant, *Mechanics*, POSTECH, Spring 2026.

Selected Schools and Workshops

- Niels Bohr Quantum Summer School 2026, SDU.
- Mathematics of Fields and Strings 2026, IBS.
- Summer Institute for Theoretical Physics 2026, KIAS.
- Third IBS CTPU–CGA Winter Camp 2026, IBS.
- SNU–APCTP Winter School on Fundamental Physics 2026, SNU.
- Aspects of Supersymmetric Quantum Field Theory 2026, KAIST.

Selected Coursework

Physics: Quantum Field Theory; Theory of Relativity; Introduction to Quantum Algorithm.
Mathematics: Introduction to Group Representations; Introduction to Geometric Topology; Algebraic Topology I; Riemannian Geometry; Complex Manifolds.

Languages

Korean; English (POSTECH English Certification Program); Japanese (JLPT N1, 140/180).
